Request from the Overton Community Association

The Overton Community Association are trying to get an "Older Person's Music Project" off the ground and they desperately need the help of someone who enjoys singing!

To set up sing-along sessions for older people - such as those attending the Lunch Club at the community centre. HCC are offering training and practical help, including; appropriate CDs, music sheets and karaoke equipment.

They need an individual who'd enjoy learning how to get older people singing and then leading some music sessions.

If anyone is interested please get in touch with Paula Baker. Chair of Trustees. Tel 01256 771219, or 59 Winchester Street. Many thanks.

Spring Show – The Full Monty

(or as close to it as we can legally get on stage...)

Good news Helen Fields is the director of the 2009 Spring Musical; The Full Monty.

THE FULL MONTY It's time for the men from ODS to shake of those excess pounds and get practicing their best dance moves as Spring 2009 brings with it ODS' version of The Full Monty.

It's extremely close to the film storyline but is a musical version with some fantastic songs so that there are chorus parts available as well as leads. There are strong roles for women (wives and girlfriends, but with some great lines!) and men's parts (pun unavoidable) from camp professional strippers to cellophane wrapped steel workers.

It'll be terrific fun so come along and get involved. If you want to hear some of the music there is plenty available on YouTube. This will be a team effort so anyone interested in helping with directing please get in touch. And remember – if nothing else you'll be keeping your hats on... 

The dates of show week are: 9th – 13th June 2009.

Future events

Sound workshop - Paul has kindly volunteered to run a sound workshop. The workshop will be held in the second half of October, final date to be confirmed.

Theatre Workshops – ODS is arranging a free workshop in early 2009 for all ODS members to attend. It will be a fun session of drama, for all levels – Look out for more news!

Request
